

INFORMED CONSENT FOR PSYCHOTHERAPEUTIC MEDICATION

[Children 0 to < 13 Years Old - F.S. 394.492(3)]

F.S. 409.912(16) The Agency may not pay for psychotropic medication prescribed for a child in the Medicaid program without the express and informed consent of the child's parent or legal guardian. **The physician shall document the consent in the child's medical record and provide the pharmacy with a signed attestation of this documentation with the prescription**. The express and informed consent or court authorization for a prescription of psychotropic medication for a child in the custody of the Department of Children and Families shall be obtained pursuant to s. 39.407.

□ I have discussed possible other treatments with the parent/guardian providing informed consent. □ I have discussed the reason for treatment(s) , the expected outcome(s) , the approximate length of treatment , and how the treatment will be monitored with the parent/guardian providing consent. I have also discussed the benefits and risks of this psychotherapeutic medication(s) including the possible side effects , the potential medication interactions , contraindications and the potential effects of stopping the medication with the parent/guardian providing consent. It is my clinical opinion that the person understands the information provided.
